

A close-up photograph of a bride's hand holding a large, rustic wedding bouquet. The bouquet is composed of various dried and fresh elements, including large cream-colored roses, smaller red and orange flowers, greenery, and dried grasses. The bride is wearing a white lace wedding dress. The background is dark and out of focus, suggesting an outdoor setting at dusk or night.

Say "i do" Under the Wye sky at Humble by Nature

Get back to nature and celebrate in style! Exchange your vows in one of our versatile spaces - the Long Barn, the Lambing Shed, or a beautiful traditional marquee - which offer flexibility to tailor your celebration perfectly. Whether you envision intimate vows followed by afternoon games on the field, a lavish sit-down meal, or a casual street food affair, we'll work with you to bring your vision to life.

Humble by Nature is a sustainable working farm located in the heart of Monmouthshire's stunning Wye Valley. The farm is managed by Tim and Sarah Stephens, who prioritise managing the land for both wildlife and livestock. They collaborate with Gwent Wildlife Trust, the Woodland Trust, and WWT.

Bespoke Weddings, Your Way...

The Lambing Shed

The Lambing Shed is a versatile space that can accommodate up to 100 seated or 150 standing guests for your reception.

You can use it for your ceremony before moving to the marquee or for both your ceremony and reception.

The shed is an ample space that offers a blank canvas to customise with your style. We can provide hessian drapes, festoon lighting, and bunting if desired.

The Long Barn

Registered for civil ceremonies, the beautifully restored Long Barn – with its original exposed beams, garden views, and event space for up to 45 people- is the perfect backdrop to your Monmouthshire marriage. It has a relaxed and welcoming atmosphere.

With high ceilings and plenty of natural light, it combines the magic of the Welsh countryside with the warmth and comfort of an elegantly converted barn.
